## The Association for the Care of the Elite and Professional Athlete

C.E.P.A., The Chiropractic Association for the Care of the Elite and Professional Athlete is dedicated to act as a driving force for the inclusion of chiropractic care as a standard part of the multidisciplinary integrated approach of collegiate and professional sports organizations.

Recognizing that chiropractic is a valuable asset that complements the expertise of the team medical physicians and athletic trainers, C.E.P.A. strives to educate those professionals as to the separate and distinct services and talents that the doctor of chiropractic can provide. This inclusion will create a synergy where everyone benefits, especially the elite athlete.

The cost of membership is \$149.00 annually\*. The member will be included in a national directory promoting the member doctors practice. The directory will be used by member doctors; teams and athletes to access the services of a chiropractor when the athlete travels or they are relocated to another city.

Please send check or money order for \$149.00 (Students \$99.00) to:
